STAY-AT-HOME ORDERS LIFTED FOR ALBURY AND LISMORE LOCAL GOVERNMENT AREAS

The stay-at-home orders introduced last week for the Albury and Lismore Local Government Areas (LGAs) will no longer apply from midnight tonight.

We thank the communities of Albury and Lismore for their co-operation and for coming forward for testing in large numbers.

However, these LGAs will continue to operate under some restrictions to ensure community safety. For more information, please visit: www.nsw.gov.au/covid-19

We need all people throughout NSW to continue to come forward for testing at the first sign of even mild symptoms. High vaccination rates are also essential to reduce the risk of transmission and protect the health and safety of the community.
