Policy Content

The Australian Accounting Standards Board (AASB) determined in AASB 124 that from 1 July 2016 related party disclosures will apply to government entities, including local governments (Councils).

AASB 124 provides that Council must disclose the following financial information in its financial statements for each financial year period:

- disclosure of any related party relationship;
 - must disclose in its Annual Financial Statements its relationship with any related parties or subsidiaries (where applicable), whether or not there have been transactions within the relevant reporting period;
- Key Management Personnel (KMP) compensation disclosures;
 - must disclose in its Annual Financial Statements details for each of the categories of KMP compensation, as stated in the definitions of this Policy, in total.

Council is committed to responsible corporate governance, including compliance with laws and regulations governing related party transactions.

Related Party relationships are a normal feature of commerce and business. For example, entities frequently carry on parts of their activities through subsidiaries, joint ventures and associates. In those circumstances, there is the possibility of the entity having the ability to affect the financial and operating policies of Council through the presence of control, joint control or significant influence.

A Related Party relationship could influence the normal business operations of Council even if Related Party Transactions do not occur. The mere existence of the relationship may be sufficient to affect the transactions of the Council with other parties. Alternatively, one party may refrain from trading with Council because of the significant influence of another—for example, a local supplier may be instructed by its parent not to engage in supplying goods to Council.

For these reasons, knowledge of Council's transactions and outstanding balances (including commitments and relationships with Related Parties) may affect assessments of Council's operations.

AASB 124 provides that Council must disclose all material and significant Related Party Transactions and outstanding balances; including commitments, in its Annual Financial Statements. Generally, disclosure will only be made where a transaction has occurred between council and a related party of council. In addition the transaction must be material in nature or size, when considered individually or collectively.

When assessing whether such transactions are significant the following factors will be taken into consideration:

- Significance in terms of size;
- was it carried out on non-market terms;
- is it outside normal day-to-day council operations;
- was it subject to council approval;
- did it provide a financial benefit not available to the general public;
- was the transaction likely to influence decisions of users of the Annual Financial Statements.

Regard must also be given for transactions that are collectively, but not individually significant. To enable Council to comply with AASB 124 Council's KMP are required to declare full details of any Related Parties and Related Party Transactions. Such information will be retained and reported, where necessary, in Council's Annual Financial Statements.

All transactions involving Related Parties will be captured and reviewed to determine materiality or otherwise of such transactions, if the transactions are Ordinary Citizen Transactions, and to determine the significance of each of the transactions.

The method for identifying the close family members and associated entities of KMP will be by KMP self-assessment. KMP have an ongoing responsibility to advise Council immediately of any Related Party Transactions and any change to their circumstance which may require disclosure or alter their previous disclosure to Council.

The preferred method of reporting details of Related Parties and Related Party Transactions, is by completing the Related Party Disclosures Data Collection Form, and delivering it to the General Manager (or Acting General Manager when applicable).

KMPs must complete the Related Party Disclosures Data Collection Form, notifying any existing or potential Related Party Relationships between Council and any related parties of the KMP, by no later than the following periods during a financial year:

- 30 days after the commencement of the application of this policy
- 30 days after a KMP commences their term or employment with Council

During the financial year, a KMP must proactively notify of any new or potential Related Party Relationships that the person knows of, or any changes to previously notified Related Party Relationships to the General Manager by no later than 30 days after the person knows of the transaction or change.

Should a KMP have any uncertainty as to whether a transaction may constitute a related party transaction they should contact the General Manager.

Information provided will be reviewed in accordance with the Councils operational requirements and held on Councils Electronic Data Management System.

Collection, storage, use and disclosure of information collected from Related Parties is governed by the Privacy & Personal Information Protection Act 1998 and the Government Information (Public Access) Act 2009. Information provided by KMP and other related parties shall be held for the purpose of compliance with Council's legal obligation and shall be disclosed where required for compliance or legal reasons only.

A review of KMP's and their related parties will be completed on adoption of this policy and then at intervals not exceeding twelve months. This policy will also be reviewed when any of the following occur:

- a change of Councillors, General Manager or other KMP;
- a change of corporate restructure;
- the related legislation/documents are amended or replaced;
- other circumstances as determined from time to time by a resolution of Council; and
- as a result of changes to the OLG Local Government Code of Accounting Practice and Financial Reporting.

This policy will be provided to KMP in the initial awareness raising and data collection and as part of KMP inductions including Councillor inductions. It will also be regularly communicated to KMP at a twelve monthly review.

Internal training on supporting this policy shall be scheduled as required.
