SUBJECT DEFINITIONS:

LANDSCAPE / Waterscape: A picture of natural scenery which may include trees, people, houses or other subjects, providing that these elements do not dominate the picture.

ANIMAL / BIRD: A picture of living animals or birds, either confined or in their natural environment, preferably showing no evidence of the hand of man.

PEOPLE STUDY: Study of a person or persons, ranging from head studies to full length, with or without accessories. Ideally it should show some aspect of the character or personality of the subject, and can be engaged in some activity where the emphasis is on the person.

OPEN: Any subject treated pictorially. A pictorial treatment is one embodying the element of good design, arrangement or composition and which reflects the personal interpretation of the photographer.

MACRO / CLOSE-UP: Macro / Close-up is photography of small objects including subjects like spiders, bugs and flowers, or any small object or part there-of.

ACTION: A still photograph that shows someone or something in motion. The image needs to be taken in a way that makes the subject look like it's still moving.

BLACK & WHITE / MONOCHROME: A photograph or image developed or executed in black and white or in varying tones of only **one** colour.

ENLARGEMENT: A picture of 150mm x 250mm (8" x 10") or larger, enlarged by printer, darkroom or commercial means.

HOW to ENTER entries in SECTION “Z” for the HENTY SHOW

General:

bcl55000@bigpond.net.au

Enquiries:

Follow ALL conditions as set out in the schedule, otherwise entries may not be accepted.

All entries must be identified with the entrant's name and address/phone number.

An entry form must accompany the entries, with all entries written on the form to correspond with entries handed in. If there is more than one entry in a class, the class need only be written once but followed by the number of entries. (Eg: Z-5-Open x 9).

A disclaimer form must accompany the entry form.

All entry forms must have the entrant's name, address and signature on them.

Any

out of town or non local entrants perhaps should include their **phone number** also.

The Judge works on only what is presented, don't assume they know what you mean or are trying to portray, therefore it is a good idea to give each entry a title. This also adds to the impact.

As an option and to assist yourself down the track, mark on the reverse of each entry the year and place it was entered. (Eg: Cul 08, Henty 09). Memories should not be relied on.

Prints:

'Collection of six' prints to be on one mount, not framed.

Ensure the presented print goes in the correct section for it's size and subject.

Normal lab/mini lab prints (called mini prints in competition circles) are acceptable in categories #1 and #10. These are 15cm x 10cm or 6inch x 4 inch.

Larger size prints have their own class. See conditions.

Prints can be placed on the mounts any way which is pleasing to the eye. Mostly they are placed concentric. Adhere firmly to the mount, especially if the print is large. Put extra mounting material in the middle of the print to stop it buckling. Images present better if mounted on sturdy backing material.

Plastic over the prints may protect the print but lessens the impact of the subject.

Titles should be neat, central and unobtrusive, usually under the print, leaving a slightly wider margin on the frame at the bottom.
