## drum MUSTER

drumMUSTER is the National program that has been set up for the collection and recycling of cleaned eligible non-returnable crop production and on-farm animal health chemical containers and provides chemical users with a defined route to safely dispose of used chemical containers.

drumMUSTER is the single biggest environmental program ever undertaken jointly by farmers, chemical users, Local Government and the crop production and animal health industries. drumMUSTER's belief is that the responsible use of chemicals, and waste management initiatives means a cleaner environment for the community as a whole and adds to Australia's clean and green image.

Annually, Council conducts drumMUSTER collections across the shire to enable chemical container and hazardous material collections.

### Update on Refreshing Rivers - Upper Billabong

in the past few months we have been preparing for the delivery of actions indicated in the Waterway Management Plan. The main priorities for the next 12 months are:

- Southern Pygmy Perch population survey to see how they are faring
- Implementing refuge pool protection in the Southern Pygmy Perch streams
- Helping landholders with Natural Capital Profiles
- Continuing to help farmers plan and implement works on waterways

The idea of a Natural Capital Profile is to help farmers navigate this new world of environmental market opportunities & understand their baseline assets, including the waterways and their condition. It will help with recognising the work that has been done already, give some basic statistics on vegetation and environmental practice, and identify potential actions. These things can help with your own farm reporting and baselining that is increasingly coming down the supply chains at you.

Our pilot program identified the needs and wants of farmers and Refreshing Rivers is giving us the tools to continue with these profiles. We are also always working on leveraging funds to help implement actions where we can. Interested? – ring Kylie 0418 198 522 to get on the list.

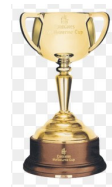

We will be running a **Great Southern Bioblitz weekend** focused on our waterways **24-27 November** – stay tuned for how to get involved. What's the Great Southern Bioblitz?

## PROBUS

October is a time to celebrate Probus and Henty/Culcairn Probus Club had invited Albury Hume Club, Wagga Wagga Murrumbidgee Club, and Holbrook Probus Clubs to join them.

Rhonda Warmesley, Murrumbidgee Club, told of how they have coffee at various clubs and shops, have a bowling group and book club, and meet at the Wagga Wagga Botanical Gardens for lunch and guest speakers. Members walk around the Botanical Gardens and have visited the R.A.F museum and are planning a visit to Gore Hill for a picnic lunch.

Judi Garvi from Albury Hume Probus told how members travelled both ways by XPT to meet with the Henty/Culcairn Probus Club for lunch at the Culcairn Hotel recently and enjoyed their train trip. Hume Probus have a show and tell project, Secret Men's Business Day and they meet for lunch at Commercial Club on club days or share lunches and morning teas at various venues.

Cathy Jones, Holbrook Club, told how the Henty/Culcairn visit was coinciding with golf and bowls days at Holbrook and still she came with representatives of her club. For outings, they have car pooled for three trips this year. They went to the cinema in Albury as part of Probus 30 year celebrations and to Corryong recently as part of their Club 20 year anniversary.

Yvonne Booth told of Henty/Culcairn joining with "Wrap with Love" to make blankets to send world wide, with many needed in Australia in recent times. They send beanies to Seamen's Mission in Sydney, with 60 beanies going each month by post bag. The trauma teddies are part of their game, and they have sent singlets and beanies to babies in Alice Springs. The most recent project is to send post cards in support of people in Ukraine. The address for supportive cards and messages is: Post Cards to the Front, Box 565, Williamstown 3156. These are then packaged and sent to offer support from Australia.

Our guest speaker for the day was Bernard Clarke who was born in Hobart and grew up on a farm. He learned about agriculture and mechanics then worked in paper mills in Tasmania and Albury. He likes gardening and photography and walking in the bush. His early photography was of birds ,and

in 15 years he has identified 148 species in the Henty area.

In 2009 Bernard joined Henty Camera Club and has been president for much of the time since.

In 2018 Henty's Creative Gallery started after Graham Booth wanted a local creative centre with some of the work as display and some for sale. They are open on Friday and Saturdays with hours of 10.00am to 2.00pm, all operated by volunteers.

Bernard enjoys photographing insects and fungi as well as scenery and birds. He showed a slide show of a trip to Western Australia that took six weeks but condensed to 10 minutes of beautiful photographs with lovely music playing in the background. He likes to involve his audience by having pictures that are part of a bigger image. Most interesting for us all.

We had a lunch of fish and chips and salad, followed by slices, at beautifully decorated tables with blue and yellow flowers and blue serviettes. All were made with love and care, and we give thanks to all the helpers who made a lovely day for around 100 Probus members

## ANGLICAN NEWS

**The combined plant stall** at the Opp Shop on Saturday 21<sup>st</sup> was a great success with a really good turnout. Many people enjoyed a lovely morning tea in the grounds, dining on the fine fare produced in the many kitchens of our volunteers. Many thanks go out to all the people who gave their time and effort to make it as good as it was.

The **Community Gardens** need a special mention for all the effort which goes into producing the plants. There were a lot of private donations also and thanks for that. The **Opp Shop** was also popular and many thanks to all the people who continue to donate their goods. There are still lots of plants left for sale. **Can we take this opportunity to ask you to only bring goods in good saleable condition?**

## ST PATRICK'S SCHOOL

Greetings to the Holbrook Community,

**Pray** This week we were blessed to welcome Father Jomer Calma to our school community. Students in Year 2-6 joined Fr Jomer for mass on Wednesday to welcome him to our community and introduce themselves.

**Live** Each October we participate in Socktober for Catholic Mission month and as such our student leaders have been organising and running some great fundraising initiatives.

Crazy Sock Day is always a hit and this year we were fortunate to have some great prizes courtesy of Vicki and her team at Holbrook News and Gifts, and Stephen and Terese Lum and the team from the

Holbrook Pharmacy. A huge thank you to those businesses for supporting a student-led initiative. Friday 27 October saw a staff vs students soccer game for Socktober! As it was also World Teacher's Day we are hoping the students take it easy on us...

**Learn** Rehearsals are well and truly underway for our end of year performances for the community and in school. If your organisation would be interested in having the children from St. Patrick's perform for you please reach out to the school office. The staff and students love sharing the magic of Christmas with all in our community.

**Reminder:** Transition to School Enrolments are due back. It isn't too late to come and experience the difference that is St. Patrick's School.

Our high staff to student ratio allows us to tailor each child's learning based on their point of need whether they need further support or extension. Experience the difference today. Ph 6036 2288

## HOLBROOK PUBLIC SCHOOL

### New Concrete Playspaces:

We are thrilled to announce that the construction of our new concrete playspaces is well underway. They will provide durable areas for children to play to promote social interaction

and physical activity. This project would not have been possible without the generous support of our Parents and Citizens (P&C) Association. We encourage all parents and community members to continue supporting the P&C's fundraising efforts throughout this term.

**School Excursions:** Our students have some exciting excursions to look forward to this term. Our K-2 students will enjoy watching Possum Magic at the Wagga Civic Theatre, where they will be transported to a world of magic and delight as they follow the story of Hush, a possum who explores Australia to find the magic that can make her visible again. Through this experience, the young students will enhance their appreciation for theatre while learning about Australian landscapes and wildlife.

Year 3 and 4 students will head to Borambola Sport and Recreation Centre to participate in various activities such as archery, kayaking, raft building, traditional Indigenous games and BMX bike riding. The students will learn the values of resilience, teamwork, sustainability and cultural understanding.

Our Year 5 and 6 students will broaden their horizons and travel to Ballarat. They will visit Sovereign Hill to learn about Australia's gold rush history and participate in various activities that bring history to life.

We believe these excursions will provide valuable cultural and educational experiences that will stay with the students throughout their lives. They will expand their knowledge and understanding of different environments and cultures and gain communication, collaboration, critical thinking and independence skills. We look forward to seeing the smiles on their faces and the memories they will create.

**Colour Fun Run Event:** Get ready for a burst of colour and fun! Miss Lavis and our Student Representative Council (SRC) are organising a Colour Fun Run for all students on Friday, 24 November. This lively event promises to be a highlight of the term. Families are welcome to join us in this colourful and fun-filled event. Let's make this a day to remember.

## HOLBROOK LOCAL HEALTH ADVISORY COMMITTEE

### WHAT IS ADVANCE CARE PLANNING?

**An Advanced Care Plan records your wishes at a time when you may not be able to voice your care choices. It is an incredibly important document that eases the burden on family and health carers at a difficult time.**

*Recording your choices.* In NSW, there are two ways you can record your choices for future medical care:

Appoint an enduring guardian

Complete an Advance Care Directive

**1. Enduring guardian.** When you appoint an enduring guardian, you are choosing a trusted relative or friend to manage your health care. The person you appoint becomes your substitute decision-maker if you are no longer able to make decisions. You may want to appoint one or more adults to this role. To do this, you need to **complete the Advanced Care Plan form.** Download an Advanced Care Plan Form on the NSW Trustee and Guardian website [www.tag.nsw.gov.au](http://www.tag.nsw.gov.au) Just click on the Guardianship tab.

**2. Advance Care Directive** records your specific preferences for future health care. This includes treatments you would accept or refuse if you had a life-threatening illness or injury. This will only be used if you do not have the capacity to make decisions for yourself or to communicate your preferences. In NSW you do not need to use a specific form to record your choices for future medical care. If you choose, you can create an Advance Care Directive simply by writing down your preferences in a structured way, signing and dating it. However, the NSW government has created an Advanced Care Directive form that can make the process easier. You will find it on the NSW Health website [www.health.nsw.gov.au](http://www.health.nsw.gov.au) Type Advanced Health Care Directive into the search bar to find a link to all the information you will need. If a person is no longer able to make or communicate their decisions, a family member or healthcare professional can document medical treatment preferences on a person's behalf. Speak to Hospital staff if this is the case-

**Upload your documents to My Health Record** and share copies of your documents with your enduring guardian, family, friends, carers and your

doctors to ensure everyone knows what you want. *Getting help.* Contact our National Advance Care Planning Support Service™ on 1300 208 582 for more information and advice. We're available 9am – 5pm, Monday – Friday (AEST). Visit the webpage: <https://www.advancecareplanning.org.au/create-your-plan/create-your-plan-nsw>.

**We have hard copies to provide to people in our community. If you would like a copy, please come to the Holbrook hospital and see one of our friendly admin team members.**

**All you need to do is fill out this document and have a Dr sign off on this. You can book an appointment down at Vecare to have this discussion and have this document signed off.**
