FUTURE YOUNG LEADERS OF EVOKEAG 2024

On 20 February 2024, Holbrook resident Natalie Bell attended evoke^{AG}. 2024 as one of their Future Young Leaders.

The evoke^{AG}. 2024 Future Young Leaders program saw five emerging leaders in agrifood, innovation and related industries build their capabilities, skills, confidence and networks, present their key message, innovations or research project on the evokeAG. 2024 stage in Perth, Western Australia. Natalie Bell is the founder of Hylo Ag, a start-up aiming to provide a recycling pathway for livestock ear tags.

HOLBROOK FESTIVAL BY THE SUB 2024

Thank you to everyone who supported the Holbrook Festival by The Sub last Saturday. The weather was extremely kind to us and it was absolutely fantastic to see so many stallholders, families, individuals and car lovers turning out to enjoy the afternoon and evening.

The Council staff had ensured that the grounds looked green and tidy and we received numerous compliments about the beautiful setting for the markets and the variety of musical entertainment provided by local artists.

There was truly something for everyone in the market stalls; ranging from giftware, clothing, accessories, face painting and decorative hair braids, through to food and drink (including local gin, beer, wine and cider).

Even a group from The Shire of Bordscros SCA were there with a stall and some demonstrations of their crafts. Bordscros belong to the Society for Creative Anachronism (SCA), in the Kingdom of Lochac and are a medieval recreation group operating around Albury-Wodonga.

Of course, an event such as this cannot occur without the sponsorship of a number of local individuals and businesses, the support of the stallholders and, of course, all the people who came along to relax and enjoy themselves. Seeing so many people of all ages having a great time certainly made the effort worth while for the organising group.

ANGLICAN NEWS

On Sunday 25th February we celebrated God's gift to us with the Harvest Festival. Rev. Craig presided over a very meaningful service which was followed by an auction of all the goods brought in. We were again blessed with the skills of Matt Pitzen, auctioneer extraordinaire who made sure nobody was excused from opening their wallet or purse. Fun was had by all. Many thanks to Matt for giving up his time.

The **Easter services** are as follows: Maundy Thursday 28th March 6pm at St. Paul's, Holbrook

Good Friday 29th March 9.30am at St. Paul's, Holbrook

Easter Saturday 30th March 5pm at St. Mark's, Woomargama

Easter Sunday 31st March 9.30am at St. Paul's, Holbrook

We look forward to welcoming you all at these services as we remember the death and resurrection of our Lord Jesus Christ.

HOLBROOK COMMUNITY GARDENS

- TRIP TO BEECHWORTH

On Saturday 24th February 2024, the Holbrook Community Gardens (through an FRRR grant) sponsored a trip to Beechworth. Departing from the Library Complex at 8:30am with a bus full of buoyant people, the first stop was Beechworth Chinese Gardens, where tea/coffee and treats from the Beechworth Bakery were enjoyed.

Beechworth Honey was the second stop before crossing the road for a delicious lunch at Bridge Road Brewers. Lunch was followed by a visit to Quercus - the Beechworth Community Garden. A most informative and interesting tour was enjoyed by many, with several trip attendees enjoying the second hand bookshop in front of the Garden. Watch this space, as more trips will be forthcoming throughout the year.

Holbrook Landcare visited the Gardens this week to undertake soil sampling in the raised garden beds and soils around the Gardens. Landcare staff showed garden members how this is done, so the Gardens' volunteers can do it in the future.

On Monday last week, we particularly enjoyed seeing and chatting with our visitors from the Holbrook Health Service, along with Diversional Therapist, Louisa.

It is wonderful to see new people visiting the Gardens. We warmly welcome anyone who would like to join us on Monday mornings at 9am.

Gen Life Riverina Church meets every Sunday at 10am at 81A Albury St Holbrook, (opposite the Police Station)

HOLBROOK SHOW - 24 MARCH

With only a matter of weeks to go until the annual Holbrook Show, the committee have been kept busy with their preparations.

Schedules are now available around the town, so grab one and have a look to see what you may be able to enter. And don't be put off by thinking that you may not be talented enough to enter anything - you may well surprise yourself.

It's always fun to find a prize card next to your entry, and being able to collect a little something to go with it!

If you can't find a schedule, phone/text our Secretary on 0427 832 803 to arrange to collect one or to have it emailed to you, or leave a message on the facebook page.

Membership letters will go out this week, or you can fill out the form in the schedule & get this back to us. Or simply get in touch if you'd like to become a member - it's only \$20.00 and that includes some entries in the pavilion classes.

The Show Society would love to see a few new faces around the pavilion or grounds as well. If you are available to help out somewhere then please let us know. It may only be for a few hours but it all helps and all ages are welcome.

HOLBROOK LANDCARE

Upper Murray Creeks and Woodlands Resources:

We are coming to the end of the Upper Murray Creeks and Woodlands project that was supported by the NSW Environmental Trust. What was a simple case study of how to make waterways and the Swamp Gum woodlands better was complicated greatly by the impact of the 19/20 bushfires and following flood and high flow events. *Fencing is always the first option for recovery.*

Controlling stock access (exclusion or reducing stock pressure) and allowing instream vegetation to grow back and slow the water down can help relieve and reverse the trend of stream erosion.

After major events like bushfire and flooding, you can't fix everything - time is a healer.

Waterways are dynamic systems that receive and concentrate water flows from the landscape. Increased run-off after fire means that the flows are always increased, and the stream channel will change to accommodate that volume of water.

As groundcover in the catchment returns to normal, the erosion issues usually reduce, and we can adapt management to the new state. It won't be the same creek it was but growing grass and

other vegetation in and around the stream will generally heal the scars over time.

Tropical Pastures MLA Project Update: This project, funded by MLA, is progressing well and is into its third year. The sub-tropical demonstration sites are looking impressive – even coming off wet summers! It's great to see that they have a spot in grazing systems and can provide quality summer feed, especially in areas where lucerne struggles to establish (acid soils or shallow soil profiles etc).

Over the coming weeks HLN will be working alongside landholders to obtain liveweight data among beef and sheep systems currently utilising sub-tropical species, such as Premier Digit, within their grazing systems.

If you're interested in learning more about the project, and being included in the online discussion group following these pastures, please contact the HLN office or Steph.

Dung Beetles - Nature's Greatest Recyclers

Fun Fact: One cow produces approximately 18 kg of dung/day. So, for a herd of 100 head, this equates to: 1,800 kgs/day, 12,600 kgs/week and, 655,200 kgs/year.

Imagine the landscape without dung beetles!!

HOLBROOK PUBLIC SCHOOL

Thursday, 8 February, saw the school swimming carnival take place at Lavington Pool. Seeing so many students participating in as many races as possible and this year, we welcomed 17 new Kinder students and nine new families to our school. We welcome all these students to our community and look forward to being part of their village over their primary school education. It has certainly been a hot and busy first half of term. We have had a lot of fun with hands-on learning and games that aim to establish familiarity with themselves, their classmates and their school environment. We look forward to updating the wider community on Kinders' learning journey in 2024.

Southern Riverina Swimming Carnival:

Congratulations to the 27 students who competed at the Southern Riverina Swimming Carnival at Lavington Swim Centre on Friday, 23 February. It was a great day for swimming, even though there were a couple of bursts of rain. The students represented the school proudly and gave their best. We had two champion swimmers for the carnival. Congratulations to Harry P (Junior Boy champion) and Cess L (Junior Boy runner-up). Holbrook was the overall winner of the carnival and also won the handicap trophy.

Outdoor Movie Night: Join us for an unforgettable evening under the stars as we gather for a fun-filled outdoor movie night. Bring your chairs, picnic blankets, insect repellents and warm clothes, but leave food and drinks at home, as plenty will be available for purchase. Dress up as a character from the movie "Minions: The Rise of Gru" for your chance to win a prize!

Spread the word and invite your friends for a memorable cinema night at the Holbrook Sporting Complex on Friday 22 March. All proceeds go to the Holbrook Public School P&C.

ST PATRICK'S SCHOOL Greetings to the Holbrook Community!

Pray: As we continue our Lenten journey I am always in awe of the reverence our students display and the almsgiving they demonstrate through their actions, words and deeds. A little bit of kindness goes a long way in the world today and our community has it in spades!

Live: Last week we invited our parents to meet with their child's teachers to gain an understanding of data collected to inform our teaching and learning in the coming weeks. This time commitment assists us in building relationships based on strong communication for the betterment of your child/ren's education and general wellbeing! Thank you for your positive feedback, we look forward to working in partnership as the year continues. Congratulations to our swimmers who progressed on to the Deanery Swimming Carnival in Albury last week. They all showed great sportsmanship, resilience and determination. Thank you also to the parents who came to support, cheer and assist on the day.

Learn: Keep an eye out for information on our open day in the coming weeks. As a community we are super proud of all we achieve. We encourage you to join us to see learning in action and to marvel at our expansive grounds and amazing learning spaces! Here are some pics of a quick sneak peak of some of our amazing art masterpieces!

May God's Blessings be with you all, Melanie Dusterhoft Mavrick

CATCHING UP ON THE NEWS

In 2010 a group of ladies gathered for lunch in Wagga. They were friends who had met while attending P&C meetings at Billabong High School in the previous years. (At the time only two of the ladies present still had children attending the school)

The original idea for that lunch in 2010 came from Alison Campbell / Narelle Morey??? who thought it might be fun to get together and see what everyone had done in the years since we'd left the P&C. It turned out to be so enjoyable that this year's lunch at The Holbrook Hotel is the 15th consecutive one.

Billabong High School is quite unusual in that it has 13 feeder schools – and the ladies who met reflected this diversity - living in a range of small towns in the BHS catchment area– Culcairn, Pleasant Hills, Henty, Yerong Creek, Holbrook and Walla Walla. One of the initiatives of the P&C at the time that

these ladies attended was to hold P&C dinner meetings in some of the towns of the feeder schools.

Over the years meetings were held in Henty, The Rock, Holbrook, Culcairn, Walla Walla, and a very enjoyable Christmas meeting at Pleasant Hills. Often there was a guest speaker, and a memorable one was the late Mr Ian Scobie, who spoke about his vision for a local high school and his involvement in the establishment of BHS.

The P&C ladies have continued this idea and the annual lunch is held in a different town each year. While most of the ladies don't see each other during the year, the group is held together by strong bonds of shared experiences, common interests and friendships and they thoroughly enjoy catching up each year.

CRICKET

Results from last weekend for the three Holbrook teams in finals:

Under 13's: Holbrook (8/146) def Culcairn (10/61), and will play again next Saturday.

Under 16's: (2-day match) Brock/Burrum (10/106) with Holbrook 0/35 at stumps on Saturday. The final score was Brock/Burrum (10/106) to Holbrook (10/89) after Day 2.

First Grade: Walla (8/155) def Holbrook (10/142).

TENNIS

The Holbrook Sect 2 tennis team started their finals campaign last Saturday after finishing the regular season in 3rd place behind Walla/North Walla and Henty Park, with Jindera in 4th. Holbrook defeated Jindera 85-67 at Holbrook, and will now play Walla in Culcairn this coming Saturday. The top 3 teams had a similar percentage throughout the season and any one of them had a realistic chance of winning the GF.

Sect 3A finished in 6th and the depth of the grade was shown in the last few weeks with the Brookers struggling to win sets against the top teams.

Howlong finished on top followed by Walbundrie, Gerogery West and Pleasant Hills in 4th.

Wednesday evening hit-up will continue for the next couple of weeks. We have a marshalling job at the Triathlon on Sunday 10 March and catering at the Holbrook Show on Sunday 24 March. All help would be appreciated.

HOLBROOK MOTORCYCLE SPORTS CLUB'S NEWEST LIFE MEMBERS

Murray Cook celebrated his 60th birthday, along with family and friends at the Top Pub recently; a wonderful night of merriment. Music was provided by Greg Webb.

When it came to the official part of the evening, a special surprise was in store for not only Muzz, but Angela as well.

For the first time in over a decade The Holbrook Motorcycle Sports Club awarded Life Membership to not one but two of our favourite members, in what is the 46th year of the club.

Over our 40-odd years we have had many thousands of riders attend our Holbrook Motorcycle Sport Club events. Our club evokes passion and most of all it evokes camaraderie and commitment.

What have Muzz and Ang done to deserve such an accolade? These two are most deserving recipients of life membership.

Well, for Muzz it started when he was at school. His father Reg was a foundation member of the club. And of course, Murray was therefore immediately involved. He rode in many events and started to help organise many as well. Part of a new generation of riders passionate about the sport.

He took on committee positions and was one of the powers behind some of the hugely successful events run by the club.

Fortunately for the remainder of the club he met and managed to keep the beautiful and talented Angela. Who obviously, volunteered (read coerced) into devoting her own time to the club.

With two children racing and all the commitment that brings with it that did not prevent their ongoing support even long after their kids

stopped racing.

They have sponsored the club, (both money and prizes); have provided their own property for the successful running of Amcross (over 400) riders. Were awarded the Russell Tucker Commitment to Motorcycling Award from the Leeton Club for their contribution to the sport in the Riverina.

And they were our scorers. Such a huge, vital and often unpleasant job. Not only for the Holbrook Club but all the clubs in the Riverina for greater than 15 years. Cool heads, common sense and a sense of humour are vitally needed when you are standing on the side of a steep hill in icy rain with riders questioning results, loops not working, numbers missing, printers failing etc

They encapsulate everything that Life Membership of this club is about. They do things for the club without looking for or wanting thanks or credit. They are what our club is about.

Congratulations to the newest Life Members of the Holbrook Motorcycle Sports Club – Murray and Angela Cook

Committed to our region.

"Book early and plan! Waiting until the last minute may lead to disappointment, as our doctors have limited appointments each day for urgent care.

Last-minute requests for scripts/referrals, which could have been planned early, also add pressure on our Admin team and Doctors to accommodate you, taking away those appointments from patients who truly need urgent care.

Thanks for your understanding."
