## WELCOME TO JINDERA JOTTINGS!

Because Jindera consists of such a diverse community - different ages, lifestyles, interests and talents; and because the population is so widely spread, we felt that the village may benefit from a local newspaper. Thus was born Jindera Jottings.

From these ideas we have produced what we hope will be a useful and informative newspaper that will represent, and be read by, yourselves - the population of Jindera. It is your newspaper, to inform you of your local associations and keep you in contact with local people and events.

We hope that you will be happy with some of what you see, and that you can help improve it. In this way Jindera Jottings may meet some of the needs of the village of Jindera.

Thank you for supporting this first issue of Jindera Jottings.

### HOSPITAL AUXILIARY

We are having our Annual Hospital Appeal, during the month of April, (leaflets available at Jindera Store), and on Saturday May 8th., we are holding a street stall, at the Jindera Store, for this appeal. Donations of cakes, produce, plants and saleable items, for this stall would be appreciated.

President Mrs. E. Funk.  
Treasurer Mrs. G. Klein.  
Secretary Mrs. C. Chugg.

### JINDERA SENIOR CITIZENS CLUB

Fifteen senior citizens attended a meeting at the Jindera Community Health Centre on Friday 23rd April and voted to establish a Jindera Senior Citizens Club. The meeting adopted a constitution and elected office bearers.

Mr Wal Hanel was elected President, Mrs Estelle Sawyer Secretary and Mr Fred Kreuse Treasurer. Other committee members are Mrs Dorothy Keighran and Mrs Phil Hanel. The club plans to have an interesting and mixed programme and will meet on the fourth Friday of each month.

## JINDERA PRE-SCHOOL NEWS

**Safety Talk:** On Wednesday 5th May Constable Kraaglik will be coming out from Albury to talk to the children about safety on the roads and on their bikes. We are turning that week into a 'Bike Week' and children may bring their bikes to pre-school on Wednesday and Thursday.

**Sessions:** At present we run 3 morning sessions for 4 year olds. There is no 3 year old group at present due to shortage of numbers. If any mothers of 3 or 4 year olds are interested in learning more about us please feel free to ring on 26 3468.

**Holidays:** We run the same days as NSW State Schools. Term one finishes on Friday 7th May, although the children don't come on that Friday. It is a staff day for cleaning up, washing equipment etc. Pre-school resumes on Wednesday 26th May.

### DAIRY FARMERS & LEETON FRUIT - JUICE PRODUCTS.

Prompt, to your door delivery of yoghurt, cheese, Moove, fruit drinks (all flavours). Very competitive prices. Service guaranteed. Phone Anna Farmer 26 3462.

### PIONEER MUSEUM, JINDERA State Award

Following an inspection visit by Judges from the Museums Association, of Australia in early March, the members of the Pioneer Museum were delighted to learn that they were co-winners with the Inverell Museum in the Country Section of the Museum of the Year Award Scheme.

Visitors to the museum will be able to see the winner's plaque which was presented to Mr. Arnold Schulz of Huonlea, the museum's President, by Mr. Neville Wran.

### Jindera welcomes these new babes:

Renee Lambshead,  
daughter of Diane and John.  
Farrah Reid,  
daughter of Julie and Barry.  
Leona Tooley,  
daughter of Dana and Rex.  
Melanie Yenech,  
daughter of Pauline & Graham.  
Rebekah Doran,  
daughter of Jill and Robert.

### MARRIAGES

Sandra Lieschke and Wayne Williams were married at the Lutheran Church on 17th April. The couple were attended by three bridesmaids and two groomsmen. The bride wore lace over satin dress and the 'maids wore blue floral frocks.

### DIATHE

JOHANN EDUARD ERICH BRIESE  
- life resident of Jindera.  
Born at 'Springhurst' on 12.12. 1894 he later attended St. John's School. His life was spent working on the three family props. in the area. He was keenly interested in breeding sheepdogs and greyhounds, and in the show competition of merino wool. On 6.2.29 he married Miss W.O.B. Schmidt and they had three children. In 1960 it was necessary for him to enter the Lutheran Nursing Home as a result of the amputation of his legs following sugar diabetes. his life will be remembered as one spent in the practise of his deep religious beliefs. Burial took place on 30.3.82.

### GENTS FOR SERVICE

Need an extra hand around the house? Are you sick of constantly doing the same chores? Well, for the first fortnight in May (1st-15th) you can have the help you want, and help a needy cause. The Brownies and Girl Guides of Jindera will be at your service. Ring D.Nation 26 3309.

# THE JINDERA NEWS

FREE local Newsletter distributed by the first Saturday of each month (except January) published by:-

A Jindera based, not-for-profit charity organisation.

## Our local newspaper celebrates the publication of 300 EDITIONS

The original name of our newspaper was **Jindera Jottings**, then after some years it was known as **Rural Rack** and finally it was renamed **Jindera News**, as it is known today. This local newspaper has been contributing to the Jindera community for around 40 years with some gaps over these many years when it was unable to be produced.

**Jean Lowndes**

The dawning of a community newsletter for Jindera took place on the **1st May 1982** when the first issue was circulated in the village. The issues were hand delivered around the village and some placed in the General Store/Post Office.

It was brought into being by a few locals, Stephanie Klein, Dianne McElwaine, Lee Howard and myself Jean Lowndes, who met at my house earlier that year to discuss how and whether, it would be possible to produce a local newsletter.

The group would meet at someone's house and using a typewriter, type up notes received from the different community groups.

**Lee Howard**

These local groups included the Pony Club, Museum, Pre-School, Public School, St Johns School, Brownies/Girl Guides, Bush Fire Brigade, Senior Citizens Club and the churches, to name a few.

Members came and went but the Jindera Jottings continued to come out at the beginning of each month. The Hume Shire Council made a modest donation and usually provided access to their photocopier for printing, or when needed, generously one of the members ran it off at their Albury business. In those days such ventures were very much 'handmade' affairs, with cut and paste. A 20c donation was asked for each copy! It wasn't a profitmaking affair. Hard work, goodwill, enthusiasm and interest in contributing to the life of a community were the driving forces.

A copy of the Jindera Jottings is under the Bicentennial stone outside the 'Turk's Head' in Albury along with the book 'Jindera A Village and Its People'. This was also produced entirely with local input. In those days Jindera was a smaller community with families who were more historically connected. Both Lee and Jean still enjoy reading the Jindera community newsletter each month, as they like to know what's happening in Jindera.

*Submitted by Jean Lowndes, past Editor with Lee Howard - Jindera Jottings.*

**Andrew Scholz** also contributed to and was featured in (back page) the original newspaper has provided an article to commemorate our 300th edition (see page 5). Some of Andrew's '**cartoon strips**' are also placed throughout this edition.

This photo shows the State Award that the Jindera Pioneer Museum won in 1982. The award was presented to the then museum President, Mr Arnold Scholz by Mr Neville Wran, the NSW Premier in 1982. (see page 2 opposite).

# BLAST FROM THE Past

contributed By Andrew Scholz

There's always something going on in Jindera. I'm talking about the everyday stuff that makes a town tick. Although, forty-one years ago, townsfolk weren't always sure what was on, when it was happening and where it might take place. It was at this pivotal moment that an enthusiastic band of would-be editors, publishers and others, decided to address the need, instigating the towns very own 'paper' in 1982. In May the first copies of "Jindera Jottings" rolled off the press ... or more accurately,

photocopier. A basic double-sided A3 sheet, folded down the centre to produce a modest, four-page A4 publication, with text prepared via typewriter which was then cut-and-pasted into place.

I considered myself a local lad those days, having recently built our first home opposite the Jindera common on Drumwood Road (the Country Golf Club wasn't there as yet). At that time I was working as a graphic artist at T-Shirt World, Albury and keen to contribute some creative elements to hopefully add some visual interest to our fledgeling publication. These included the cover page mast-head and a cartoon strip, just to name a few.

Cartoon strip covering the hot topic of 'town water supply' featured in the May '82 edition.

A few months later, the first of my three sons was born and with the extra responsibility and subsequent lack of sleep, I only managed to draw a few more cartoons for Jindera Jottings. A decade later, with a plethora of illustrations, designs and signs under my belt, it was time to launch my own creative design studio, Artmost Graphics.

Then, in 1997 circumstances lead me to a very different location - Sydney's Northern Beaches, where I've been living with my wife Debi ever since. Occasionally, we head down to Albury to visit my mum, sisters and friends.

Recently I took a drive around Jindera and as one would expect much has changed in the ensuing years, yet there still remains a welcoming charm and authenticity of Jinderians which I believe is why so many now call this place their home.

I'm sure the explorers Hamilton Hume and William Hovell, who passed through this area way back in 1824, would give it their 'thumbs-up' too.

## **Interim President's Report—Presented at AGM on 21st May 2023**

My position today as Interim President came about due to the resignation of Jonathon Howard in September who was the RCL president for over 3 years. I would like to thank Jonathon on behalf of the RCL for his dedication to the association and his many hours of being physically present and supportive of the Op Shop and the Office. Jonathon was the driver of the successful publication of the school's 2022 calendar.

Personally, it has been a whirlwind time since stepping into those shoes. It was an honour to be chosen by the committee, however, I can honestly say that I am still learning the extent of my role and responsibilities and the workings of this charitable association. I would like to thank all the committee and Sue Ellen, who have all supported me with honesty and the courage to guide me.

The RCL consists of a group of people who are what I describe as "drivers". That is, they drive the organisation of events and groups, and they do these tasks very well. Without individually naming every person, I will just say a thank you for being the dedicated and committed people who edit and publish our Newsletter, who run and work in our Op Shop, who support people in necessitous circumstances, who coordinate our Carers Group, who have run special events during the year such as the Spring Fling, Jindera Community Garage Sale and the Carers Plus 'Grief and Loss' Workshop. Thank you also to those who administer the compliance, governance, and finances of the association.

RCL is a charity and our aims and objectives have been fulfilled this year by this dedicated band of drivers. We have also made donations of a charitable nature beneficial to the community. These include:

- A top up to the grant for the Spring Fling;
- A donation of \$5,000 to support the School of Arts Hall committee in their quest to maintain this unique space for theatre and events for the people of Jindera;
- A donation to the Jindera Multipurpose Hall of \$10,000 a whole town project which will be a great benefit to all;

- A Donation of \$2,500 to Betty's Place in Albury, who support women and their children in crisis in our region;
- Our annual schools grant donations, to local schools not supported by a service club, who at their discretion, support children in need with uniforms, excursions, school community gardens, etc. \$1000 to the large schools, \$500 to the small schools.

This year we have purchased an Anzac Day Banner which can be used each year to advertise service times, which may have contributed to the increased attendance at both the dawn and morning services.

On behalf of the Jindera Community Forum, RCL has set up a community donations fund account to receive donations towards the installation of Up Lights of trees in the Jindera Village Green. The target is \$7000 and the RCL has donated \$1000 as a show of support from proceeds from the Community Garage Sale.

Since September:

We have dedicated many hours to improving the way we report the minutes of our meetings and communication between committee members.

From an initial grant we ran the community event 'The Spring Fling'- a terrific day of market stalls, interactive games, entertainment and food, resulting in a festive community atmosphere. Special thanks and credit to Sue Ellen for being the main driver of this event who was supported by willing volunteers on the day.

We have researched and sourced a better solution to our storage and Op Shop overflow quandary. Thanks to the Lutheran Church community for the lease of this amazing space.

Installed an information box outside the op shop of emergency services to call when in crisis.

A notable RCL achievement is the setup of the Website by the office. Being able to communicate digitally and the ease of online membership renewals and registrations for the Garage Sale has been fantastic. The website is still a work in progress.

We have unfortunately had to pause the Blue Tree project for now and were unable to continue the

schools calendar project this year.

This brings me to sum up, with our plans for 2023:

We have recently flagged the need and are currently scheduling dedicated time to review the governance of the Association.

Strategic Planning is high on our agenda to review the role and responsibilities of each Committee member and Coordinator including Succession Planning. Also, review our Policies and Procedures.

It would be beneficial to record and learn about the history of the RCL. I believe it is important to know where we have come from, what worked, what was tried and didn't work, to be able to move forward and be the association that supports the actual needs of the people of Jindera and surrounds today and into the future.

We need to ensure the sustainability and improvement of our Core Business which are the Op Shop, Jindera News, Necessitous Circumstances, Carers Group and Carers Plus, Schools grant, Community Garage Sale and Anzac Day support.

We will review our business and financial structures, prioritize recruitment of new committee members and volunteers, have a donation strategy and put down a Vision for the future.

One of the noticeable realisations during my short tenure, is that a small number of people do an extraordinary amount of work to run our Core Business. Through experience, we have discovered when we've taken on extra events/activities that we have done so with limited numbers. We are now actively looking at ways to calculate our capacity to carry out each task, before commencement of a project or activity.

#### **Carers Support Group**

The Rural Care Link Carer Group met for the first time in the new venue of the St. John's Chapel. There were a small number in attendance to enjoy our new "Home".

The venue is comfortable and warm, the stained glass windows had the Sun streaming through which was lovely. I am sure as we continue there, the group will acquire all that is needed for enjoyable get togethers.

The start time is 10am and we will meet on the third Tuesday of each Month.

In June we will be hearing from one of the Rural Care Link Committee about their plans for the future, doing a craft activity and also enjoy Morning Tea.

Please come along and be part of the discussion and future planning for the Carer Group. We want to hear what you would like to do as an event in Carers week. Last year we saw a Movie then went on to Lunch together.

If you are in a caring role, please come and join us. If you're not a carer yourself but you know someone in the Greater Hume Council area who is, please invite them along.

For any information please contact myself, Vickie Priscina, Carer Group Co Ordinator on **0428 406 060**.

#### **Assistance to those in need**

Rural Care Link Inc. is an agency for Albury Wodonga Community Pantry vouchers. If you are in need of food support, these vouchers can help a struggling family's food budget stretch much further.

Contact our office on **0475 594 073** for more information or to make an appointment.

#### **Op Shop**

We've now changed over to Winter stock and still receiving large generous donations. We have an enormous amount of ladies clothing, shoes and boots. Currently shoes & boots are 50% off!

Our next sale, running from 6th to 17th June, will be ladies clothing with sizes up to 26—all half price. Then from 20th to 24th June, children's wear will be on sale.

As we mentioned last month, we are now using the St Johns Chapel for our storage. We have currently in storage some furniture for sale and these are listed on our Op Shop Facebook page. If you are interested in viewing any of these items, or wish to donate any, please make contact via Facebook or phone Rural Care Link on **0475 594 073**.

A cake stall and wood raffle were held Saturday 20<sup>th</sup>.

Again, we are very grateful to the IGA for allowing a community group to set up outside the store.

**Thanks** to Jono Schulz for donating the load of wood and also to those who helped on the stall and contributed baked goods for sale.

Of course, a cake stall doesn't make any money if no one buys anything! - **\$1340.40** was raised for Cancer on the day and two other evenings when raffle tickets were sold.

The winner of the raffle was initially Jill Davis who generously asked that another ticket be drawn.  
The final winner of the load of wood was Jack Greene.

*Thank you!*

Thank you to everyone who supported the cake stall and bought raffle tickets.

## AROUND THE TOWN UPDATE

with  
Cr. Jenny O'Neill

- The toilet block upgrade next to the skatepark will be ready for use once the power has been connected. The power is related to a trench being dug to connect the proposed BBQ area in the new playground.
- The playground is awaiting the installers from Forpark who have experienced holdups... but any day now!
- Work has been carried out at the swimming pool to fix broken pipes and do other maintenance works.
- Once again Jindera Recreation Reserve has been targeted by thoughtless individuals who graffitied two of the buildings. Investigations are continuing with checking security footage.
- New security cameras will be installed at the skatepark and new playground area. These will also be linked to cameras in the Village Green.
- Concerned parents met with Justin Clancy and myself at the Hueske Rd/Urana Rd intersection bus stop to discuss ways that this can be made safer. It is a very busy and dangerous place early in the morning when children are catching the buses into Albury. Further investigations will take place.
- The levee bank in Jindera St has been reinforced to help alleviate any flooding issues.
- Roadworks and drainage have been carried out at the end of Pioneer Dr.
- Pipe laying and a water valve update/replacement took place at the corner of Molkentin and Urana Rds. This is the beginning of further works to take place in the future.

As part of the recent annual feast day celebrations of Our Lady Help of Christians, the patroness of the Jindera Catholic Church, the SMMC school community enjoyed a Paella lunch followed by cupcakes. Yum!

Aunty Marlene is a proud Aboriginal Woman from the Boandik Nations. Boandik Nation is in South Australia around the Mt. Gambia area. Aunty Marlene is a contemporary Aboriginal artist and has lived in the Wiradjuri/ Dhudhuroa area for the past 35 years. She visited our preschool to share her culture, tools, stories, and art. The children and staff were able to ask questions and learn from Aunty Marlene. We painted, collaged, and coloured Australian animals and were encouraged to explore our own creativity and techniques with her materials and guidance. We have proudly displayed the children's artistic creations and photography of our experience with Aunty Marlene within our playroom. The children are revisiting this experience and are supported by the visual cues of our display. Thank you, Aunty Marlene, for visiting Jindera Preschool and sharing your culture.

Our Wombats participated in the National Simultaneous Storytime and shared The Speedy Sloth. The children were excited to learn that schools and preschool all over Australia were reading the same story at the same time. This has supported our preschoolers in discovering they are part of a broader community.

Jindera Preschool would like to thank the community for the donation of strawberry plants. Our Kookaburra Group has planted them in our yard and are looking forward to nurturing these plants and producing strawberries. Jindera Preschool is committed to learning from our environment through play, observation, and inquiry. We are developing skills and knowledge that will support our bodies and environment long into the future. We thank the Jindera Community for supporting our learning and environment at preschool.

**Every Child is an Artist!** Each day we explore and celebrate our creativity and design. We are using our fingers and hands to build muscle development, strength and coordination that will support our learning and ability to use and engage in written language when we are ready for school.

# New Pet Food company opens in Jindera

Hi ... we are Dean and Sharryn Verity, the new owners of Jindera Pet Food at 97 Urana Street, Jindera.

Sharryn moved to Jindera in 1980 with her family and were amongst the first families at the Jindera Pony Club. After completing schooling Sharryn joined the RAAF where she met Dean.

We have shown our horses extensively in Sydney, including Sydney, Melbourne and Canberra Royals we then moved back to Jindera with our 3 children in 1998 to stay and now have 6 beautiful grandchildren.

We are a big dog family, we have been breeding Miniature Fox Terriers and Rottweilers for many years.

We purchased what was to become the Riverina Boarding Kennels in 2012 and sold the very successful kennels last year.

After a little break we thought we'd use our vast knowledge of dogs and horses and open a supply store.

You can find us between the Next Level Café and Riverina Bearings.

Pop in for fresh meat, necks, frames, dry foods, beds, collars, treats, first aid, leads, cat, dog, Guinea pig/ rabbit, horse, alpaca, bird and poultry food and Nail trims.

We are here to offer advice if needed or happy for you to come in and browse and say hi. We also have some gift selections or treats for yourself.

**Open Hours:** Monday, Tuesday, Wednesday 9-5, Thursday 11-6, Friday 9-5, Saturday 9-11

# JINDERA PUBLIC SCHOOL

## Athletics Carnival

Earlier in the term, we held our annual school athletics carnival. Students travelled to the Les O'Brien Sport Ground for a full day of fun and competition. Students enjoyed the opportunity to compete in both sprint and distance running events as well as field events such as shot put and high jump. As always, our students participated with a strong sense of competition and enjoyment.

## Paul Kelly Cup

Each year the school provides students with the opportunity to nominate to play in the Paul Kelly Cup AFL competition. This competition allows schools to compete in both social and competitive rounds and our students were, once again, extremely keen to get involved. Super coaches, Mr. Cook and Mrs. Kelson enjoyed a fantastic day with teams playing in several games throughout the day. A big thank-you to all parents for assisting with transport and supervision during the event.

## School and Southern Riverina Cross Country

In the final week of Term One, we completed our school cross country with students given the opportunity to test their endurance in this longer distance event. We had many students complete the course in strong times, earning themselves a place in the school team, which recently competed in the Southern Riverina Cross Country, held at the Jindera Golf Course. Congratulations to all competitors for earning a place in the next level of competition, the Riverina Carnival to be held later this year.

## Science and Technology at Jindera Public School

Science and technology plays a key role in our curriculum. The development of scientific skills and knowledge is an ongoing process built up through a student's school years. At Jindera Public School, science is taught explicitly with opportunities to plan, design, test and evaluate ideas and to use technology in a meaningful and relevant way. Over the past two terms, students through the school have engaged in two different learning strands. These have been carefully planned to sequence learning from Kindergarten through to Year Six. In Term One, students engaged with Earth and Space, a study of changes over time from local and observable change through to global and cyclic changes spanning millions of years. They are now working from the Digital Technology strand with many of our Stage Two and Three students engaging with robotics and coding with support from STEM (Science, Technology, Engineering and Maths) kits that the school has recently acquired. The following photos and quotes are a snapshot of the learning that is taking place in our classrooms.

• PIONEER MUSEUM •

During the colder months visitation to the museum drops as people find it less appealing to get out from heated comfort. The museum still offers many wonderful areas to explore, even when the weather is chilly. Being such a large site, there are plenty of displays undercover and many activities that children can still engage in while inside the many dwellings, sheds and galleries the museum has to offer. The **Tea Room** open from **11am each Sunday** always provides a welcome place to catch up with family and friends in a cosy atmosphere. The wood fire sets the scene for an enjoyable lunch, morning or afternoon tea, with all items on the menu home-made. The soup varieties are always popular during these colder months, all prepared in different kitchens by our volunteers, so you can be surprised by what's on offer.

During these winter months we try to get on with a few of our larger maintenance jobs that require areas to be closed off or require some more intrusive disturbance. In the last few weeks, the folk from the shed have set up a **new wood shed** constructed from an old tank. This was a great addition, freeing up some more useful shed space and enabling some roof work to be done on that shed soon.

The Wattle and Daub cottage will also have some roofing work done in the next few weeks, curtailing some leakage onto the mud floor. The main house also needs some gutter repairs and it is hoped we may be able to replace the main shop veranda roof and have the 'Wagners Store' signage redone in the next few months. We will also have erected the new cow bail and fencing in the next few weeks and perhaps at times, we may also have a cow to grace the space.

We continue to work on the blacksmith yard area and had hoped to have an 'opening' of this space in July. With the colder weather, we also see a migration of several of our active volunteers to warmer climates, so we will continue to work on this but we may have to push the opening back a bit.

These are also the months for garden work, pruning, transplanting and establishing. The site can be a bit wet from time to time, so keeping an eye on drainage issues is also important. Fortunately, the colder weather brings less mowing, which is always gratefully appreciated.

July is the month in which we hold our **Heritage Dinners**; this year they will be held on **Friday 7th and Saturday 8th July**. Bookings for these evenings will be open via Trybooking on Monday 5th June. There are limited seats for both these nights (having to be indoors) so if you are interested in attending, remember to book quickly when tickets are released. This year, the Jindera Theatrical Society will perform before the dinner on Friday evening and on Saturday there will be a special performance of Irish fiddling by John-Paul Sweeney (some may have seen him on St Patricks day). These performances precede a three course dinner with all the embellishments of the Victorian era.

*Heritage Dinners*

The museum has recently heard they will be the recipients of a small grant for tools for the machinery shed group, courtesy of the Federal Government Building Stronger Communities Grant. The red shed is developing into a great place for local engine enthusiasts to gather on a Wednesday morning and sometimes, as well as tinkering with machines, some necessary job, or piece of maintenance, is accomplished – like the new wood shed. We are pleased that the grant process saw fit to award this grant to the men's shed at the museum.

Don't forget, if you have a spare few hours, we would love to see you involved in the museum in some capacity. We are always looking for door attendants, introducing visitors to the wonders of the museum as well as a myriad of other jobs that we need help with.

We're almost halfway through the year and so far, it's packed a punch! Not only are our students thriving through our academic curriculum, we are also focusing on students' emotional and mental health through 'Restorative Practices'. We've also had a lot of fun through all three sporting events and our senior primary students making the most of their camps in Term 2!

## Restorative Practices

St John's is a Restorative Practices school. Our staff have recently participated in refresher professional development and our whole school will focus on Restorative Practices this term. As a Christian school, these practices help us put God's love into practice to build meaningful connections with each other.

### What are Restorative Practices?

Restorative Practices acknowledge that harm is caused when our school expectations for behaviour and respect are not followed, creating a need for healing and restored relationships. They go hand-in-hand with our school positive behaviour approach, including teaching students that there are consequences for actions.

### Restorative Conversations

When harm has been caused, our leaders, teachers and learning coaches use the following

**WARM** conversation format:

**W**hat happened?

How were others **A**ffected?  
(E.g. feelings hurt, being disrespected)

How can we **R**estore relationships and **R**epair hurt?

How can we **M**ove forward from here and what will happen if it occurs again?

These conversations can happen incidentally in class or the playground or can be conducted formally by staff or members of the Leadership Team, depending on circumstances.

### Restorative Circles

Each class has been using this highly valuable and effective strategy in their classroom. The class sits in a circle and discusses a topic relating to social and emotional learning provided by the teacher or a student. Rules for showing respect and taking turns ensure everyone can speak if they want to and different perspectives are respected. Research has shown that this strategy effectively improves student behaviour and relationships in schools.

## Year 3/4 Camp to Echuca

The Year 3/4 camp to Echuca was an amazing success. It was wonderful to see students further build their relationships outside the school environment. Every student displayed their best qualities, making our school proud. We were complimented on our engagement and behaviour during their interactions with the guides and public. The camp provided opportunities for each child (and adult) to step out of their comfort zones and support each other, from swinging on ropes, following instructions, to organising our belongings.

### Sporting Carnivals

Over Terms 1 and 2, the students showed off their best sporting abilities and sportsmanship with our swimming carnival, cross country and athletics carnival and we had superb weather for every event!

### Year 5/6 Camp to Ballarat

The Year 5/6 students embarked on their journey to Ballarat! The camp was historically informative, with students engaged in curious discussions with Sovereign Hill staff.

Although they battled the wet weather, they made the most of their new experiences, learning and deepening friendships!

## New kitchen and cooking

The Little Saints team had their kitchen updated! What a beautiful space we have now for our Educators to be inspired and recharge their batteries.

One exciting feature is that we now have an oven! The Little Saints children have enjoyed cooking up a storm in the last few weeks.

Our first bake was roast vegetables and then we started to celebrate birthdays by baking cakes together!

This is such a beautiful experience for the children to learn skills and gain confidence in the kitchen.

We have gotten a lot of thumbs up and messy faces from our cooking experiences.

## Little explorers

We have opened our Little Explorers program! The Little Saints children have been taking ownership of our belongings and bodies, we rugged up in our jackets and boots and walked over to this beautiful space.

To begin with, we couldn't believe how much room there was to "run around!" This developed lots of small games with rules and group games of children exploring the space before they got their hands on some natural tools.

We then explored all the beautiful natural materials around us, collecting "gum nuts" and "stick" to dig with or to build meant that children could explore their senses and first nations concepts.

Using teamwork to build and explore our physical development and scientific concepts, we lifted some larger sticks to build and construct a "house."

**THE MEN'S TABLE**  
MEN SERVING MEN

**A SAFE  
SPACE**

**HEALTHY MEN, HEALTHY MASCULINITIES, HEALTHY COMMUNITIES**

The Men's Table is a preventative men's mental health and community-building initiative, providing a simple, low-cost, grassroots approach. It helps men build meaningful male friendships by creating safe places to share, overcoming the stigma that "men don't talk".

#### What we are about

Our vision is Healthy Men, Healthy Masculinities, Healthy Communities.

The Men's Table enables adult men to meet on a monthly basis with the same group of men to share a meal and talk openly about their feelings, and the highs and lows that are impacting their lives and well-being.

It's healthy to show emotions and share feelings. When men have an opportunity to do this, they build relationships which can strengthen the resilience of the whole community.

#### Why we exist

The Men's Table hypothesis is that fostering social connection through participation in a Table is a preventative enabler of men's mental health and emotional wellbeing. The simple model is based on regular interaction between men in an environment in which meaningful conversation and mutual support are expected and role-modelled among members.

Our competition season is well underway, along with a fair spread of wintry, wet and cold days, tempered with some glorious sunshine.

The course is looking a picture, due in part to some ideal weather but mostly to the consistent work by our dedicated volunteer grounds staff. In particular, we recently purchased a used "Triplex Reel" mower for mowing around the greens. This allows us to cut the grass much shorter, thereby providing a more consistent bounce – in theory!!

The May Monthly Medal was won by Aaron Melbourne in the men's, with a very good score of Net 69 considering it was a very cold and wet day and Rawinia Smithenbecker in the ladies with Net 72. This was also the 2nd round of the men's club championships.

The "9-Hole" Comp is still running in conjunction with the normal 18-hole Sunday comp and provides a great opportunity for those looking for an entry level into competition golf. Ideal for juniors or for those looking to get a handicap.

Also, you can now play your Sunday comp. match on the Saturday before, this is being run on a trial basis to gauge interest.

# JINDERANGLERS CLUB INC.

Fishing locally is still very good with most anglers being able to snare a feed or catch and release their chosen fish species. Redfin at Lake Hume are nice and fat and in spawning mode, with only minor sightings of the virus being present, good catches of trout are being caught at Lake Dartmouth and you don't have to go far from the ramp to get them. Good catches of yellowbelly are being reported from Lake Hume to below Yarrawonga and if you're prepared to put in the hours some ripping cod are being caught from the upper Murray and right along the Murray River. For a mixed bag of fish have a crack below the Hume dam wall and around Albury, yellowbelly, cod, trout and redfin are on the chew.

June will see the opening of the crayfishing season, considering 2022 was a tough year to cray, 2023 should be great, make sure you know the rules and abide by them.

The anglers had a monthly closed comp at Neils Bend, Walwa on the weekend of 26th, 27th and 28th May in very cold damp conditions, the river was in YOYO mod with river dropping Friday morning with a steady rise to Saturday afternoon when the river dropped again. Traditionally in the old days the best fishing was on a slow rising river ..... and it didn't change levels every couple of days, just saying natural river flows are best for fish.

Best fish for the weekend was won by champion upper Murray angler Kevin (Cod Strangler) Brown with a 110cm Murray cod, best bag of fish went to Sham with a 85cm and a 57cm cod, Aaron Charnock got a nice 63cm cod and in the ladies Kirsty Taylor snared a smaller cod.

Once again the doughnut awards were popular with Squeaky and Trevor pushing for the big doughnut award.

As often occurs on these weekends a few *funny things* happened, where's the rope Kirsty and a capsized canoe with captain Dylan going down with the ship, there is a reward out to anyone finding a Ryobi radio, kayak seat and a yeti stubby cooler.

A big thankyou to Graham for providing the wood for the weekend, it was really appreciated.

Once again the debate of trout cod or hybrid cod reared its head and I have no doubt there are hybrid cod in the upper Murray.

Next Anglers **general meeting** will be held on **Friday, 2nd June commencing at 5.30pm.**

If members have any recommendations for any changes to the club's constitution they must be submitted in writing at this meeting or prior.

Next fishing competition will be an **Open Comp** held on the last weekend of **June**, commencing on **Friday, 23rd at 4pm** with the weigh-in at the Jindera Clubhouse at 4pm on Sunday, 25th June.

***Tight lines!***

*Aaron with a nice 63cm cod*

*Wade and Sham working hard to catch the big fish.*

*Great to see, young Harley casting lures*

*Kirsty with a nice healthy trout cod .*

*Happy doughnut winners*

*Sham with a ripper trout cod/hybrid cod*

*Kevin Brown with a ripper 110cm Murray cod caught on a golf ball.*

#### JINDERA PUBLIC SCHOOL NEWS

The P & C Association is busy organising the annual Progressive Dinner. This will be the social event of the year. The food will be Italian style. Saturday night, 5th June, should be marked on all calendars. Tickets will be available shortly.

The school children observed Anzac Day solemnities at a special Assembly at the school on Friday 23rd April. A representative of the Jindera Lions Club made a very valuable book donation to the school library. Our school is appreciative of the Club's thoughtfulness and generosity.

School will re-open on Monday 24th May, 1982.

#### ST JOHN'S LUTHERAN SCHOOL-JINDERA

At present most interest at St John's revolves around the new extensions to the school. Due to the recent growth the need for a new classroom and amenities block has become acute. Work on the project is now well advanced and we anticipate moving into the new classroom early in second term.

Two other projects undertaken by auxiliaries of the school are nearing completion. An old open shed has been renovated and recently security gates have been swung making it into a safe storage area. Playground equipment, designed to be used in conjunction with physical education lessons and to increase the general fitness of the children, is nearing completion. Our thanks go to the Jindera Lions who generously gave the school money to erect this

equipment.

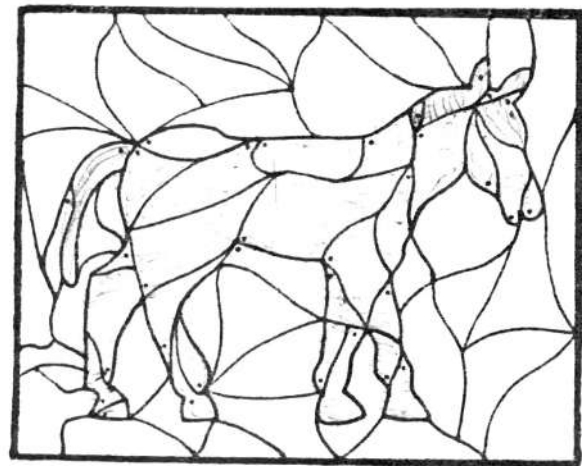

The children have been waiting a long time for the completion of these projects and they are eagerly looking forward to the time when they will be in full use.

##### PIG-ON-A-SPIT

The Jindera Bush Fire Brigade Ladies' Auxiliary is holding a family evening with a pig-on-a-spit in the woolshed at 'Boxvale', the home of Helen and Alan Begg at 6pm on Saturday, 15th May. Cost will be \$6 for a family with children under 15 years or \$2.50 a single. You should bring your own liquid refreshments, and anyone able to provide a small salad will be very welcome.

Tickets are available from the Jindera Store and the Post Office, so if you are able, do come along and support the Auxiliary. Proceeds from the evening will help to provide equipment to be used next fire season in providing support for our local fire brigade.

#### ANZAC Day Service

The local Progress Association once again organised the short service of remembrance on ANZAC Day. This year Pastor Scoller of the Lutheran church officiated. Capt. Pat Shanahan of RAEME, Bandiana, attended and gave a short address recalling the origins of the day. It was good to see a wide range of ages at the service.

#### ANDREW SCHOLZ., LOCAL ARTIST

At first glance I recognise the Hans Meyesen print in the lounge room. What! No original? On closer scrutiny there were unique touches of this young artist's ability, from the renewed panels in the stained glass window to the family name 'Scholz', carved in the chair at the head of the table.

His story reads like the usual 'local boy makes good' and it is just that. Andrew was born when his family lived in Jindera. The family subsequently moved four times, never far away from the area. His parents Kelvin and Lillian live in Jindera.

Andrew says that his gift must be a 'gift from God' for he can remember as early as second grade being asked by his peers to draw a truck or a grader. From here he graduated to landscapes submitting some in the country shows and winning several prizes. At 13 he was exhibiting and selling his works in our local Cottage Crafts. One good selling item was his hand-painted calendar.

While attending Albury High School he was part of the 'magazine committee' and from there 'walked' into his first job at Wilkinson's Printers - aged 16. Although Andrew will admit that he has been very lucky with his jobs, he says it is very hard for a young person to gain employment in the arts these days. A person just beginning a career 'should be forward and convincing. There are many good places to exhibit your work but it is hard to make a living at it this way.'

Andrew's main joy is landscape painting but he concedes he is probably better at pen and ink work as that is how he earns his living. We may well see some of his oils in the future, or possibly labels for wine bottles, but

probably his best known work at present is the window of Sonara's Salon in Jindera.

I feel the future will be full of opportunity for Andrew, not the least of which will begin in July when his wife, Julie, is expecting their first baby - perhaps another artist of the future.
