## Giving Jindera a sense of place!

**T**he community is being asked to help **Jindera Museum** take the next step in its development. It has an impressive collection of shop articles, furniture, household items, and machinery stretching back 150 years.

But there is the opportunity to use this collection to provide visitors with more than a display of our local and family history. There is the opportunity to tell the story of how our culture and community have changed over 150 years.

That is why **Jindera Pioneer Museum & Historical Society** needs Jindera and the district communities' help to build an educational facility just south of the original Wagner's store.

Our museum has a unique collection, but it is underutilised. It can offer a very, very different experience to what you would find in a metropolitan museum.

At **Jindera Museum** there is a story behind everything.

The new building will enhance the educational facilities. It will include a costume space, a hands-on activity area, and a shop. Visitors will become immersed in 150 years of culture and community.

While the Museum already plays host to thousands of visitors each year, undercover space is limited. So, when a school or a large group visits, the people have few spaces to shelter or have lunch. The new facility will include a large undercover area for groups.

A new facility like this will encourage visitation to our town and have flow-on effects to other local businesses.

# SHOP in JINDERA

The **Jindera Pioneer Museum** that sits in our community, is exceptional in quality and authenticity.

There are lots of stories waiting to be told. Spread over 25 stunning rooms and galleries in 7 heritage precincts, stories include:

- A small wattle and daub hut, probably built around 1840, that gives visitors a glimpse of life before the German settlers came to the district. It is probably the oldest remaining cottage or house in the Albury District.
- The original Wagner's store and three-room residence, which was built in 1874: the original shop is now the Tea Room. The house was extended as the owners family grew and this large residence has been painstakingly furnished to recreate its 19th-century affluent appearance. The large Wagner's Store building, built in 1906, is pre-eminent in NSW for its original shop fittings and furnishings. It's a story of what our local 'corner shop' once looked like.

- There is also an extensive section of historically significant machinery that tells the story of how farming has changed in the region (including the new Working Machines Shed with operational small motors, pumps and tractors)

The change will mean a visit to our museum will be distinct from others. It will be more than looking at things behind glass cases.

It will be a place of imagination... back to those early days: when life was both difficult and happy, and work could be both backbreaking and heart-breaking.

Don't you think this is a story our younger generation and the wider community should learn more about? Phone 0408409842 or email: [info@jinderamuseum.com.au](mailto:info@jinderamuseum.com.au) to find out how you can help.

**BE PART OF THE HISTORY ....**

**BE PART OF THE STORY ....**

The museum is owned by its members and is run completely by volunteers and we would like to ask you for your help to fund the next stage of our development.

100 year celebrations - 2022.

### **Recipe for Strawberry Jam made in Microwave.**

500gms strawberries  
hulled & sliced.

1 ½ cups white sugar

½ cup fresh lemon juice.

In a microwave safe deep bowl, mix strawberries, sugar and lemon juice.

Microwave 4 minutes, then stir.

Microwave 20 minutes on high.

Transfer jam to sterilized jars.

Will make 2 to 3 jars.

October meeting will be our AGM  
on Wednesday 6<sup>th</sup> October.

# SPRING in JINDERA WETLANDS

Although the photo's accompanying this article are black and white a visit to the Woodland area of Jindera Wetlands will reveal that the originals are of a range of spring colours. There are yellow wattles in abundance, purple *Hardenbergia* *Hardenbergia*, and if you search you may find what I call an orange and red "eggs and bacon" plant. There is also plenty of fresh green growth among the grasses and shrubs. Of course, the weeds are green too!

Nearly all of the plants you can see on a visit to the Wetlands were put in by Jindera school children three years ago! They can feel proud of their efforts now showing in spring colours.

Three years ago, the school kids also sampled the then shallow water in the Wetlands and found only a limited but interesting range of aquatic life. Perhaps the present 'flood level' in the wetlands will have encouraged other aquatic species to thrive. For instance, Heron birds on their spring visits have been seen darting their beaks into the shallows to feast on small fish!

Among the anti-erosion rocks in the water-course running beside the woodland area are a few *Lo-mandra longifolia* plants. They favour wet areas and the past wet winter should have given them a good chance to establish.

The row of staked Kurrajong species in the photos are planted in memory of my brother Chris who died unexpectedly last December. The Kurrajongs are locally pruned varieties which will produce either pink or red flowers. During his many visits to Jindera Chris always visited the wetlands.

Chris was a forester who spent much of his working life in the Kimberly in north-west WA. Boab trees, which are related to Kurrajongs trees grow in abundance there. Hence the photographed Kurrajongs are planted as a memorial to my late brother.

# Jindera Community Garden

*Well, it's all happening !*

Hopefully when you read this, we will have the slab poured. It's been a while between the Covid and rain things have been a little slow.

## Straw Garden

Experimenting with straw around the edge of fence to keep the soil moist during summer.

Will grow potatoes first... then lots of everything Have heaps of horse manure at the bottom and a little fire ash sprinkle over. We get strong winds here so I was hoping the straw will keep the wind away as well

Here we have Dave from **Wattos Garden Supplies** doing a wonderful job ... nothing is a problem for Dave, he will work it out.

## Bees Bees Bees Bees

Bees are having a wonderful time in the garden at the moment but I have noticed they are drowning themselves in large Tubs of water. I was told to put some straw bale twine or sticks in tub or buckets so they can climb up the string after their drink.

I put these garden beds in first lockdown wasn't sure if I liked

them 🤔 but was happy when all my seeds that were self-sown came up and that's what I have been picking for a month.

We had frost last week which does slow down growth.

The Kiwi Fruit vine had frost on and it's growing

## RE-EXHIBITION OF THE DRAFT JINDERA RESIDENTIAL LAND USE STRATEGY

Council has prepared the draft Jindera Land Use Strategy (the Strategy) that provides for the future residential growth and development of the Jindera Township for the next 20-30 years.

The Strategy was exhibited in March 2021 and is being re-exhibited as the document has been updated to include the following:

- A newly considered parcel of land that potentially could be rezoned R5 Large Lot Residential.
- Mapping in the strategy has been updated to better depict the area that potentially could accommodate an expansion of the Jindera Industrial Estate;
- Re-analysis of land supply and demand;
- Change of zoning from R5 to R2 for land north of Drumwood Road

In accordance with the Greater Hume Community Participation Plan the Strategy will be re-exhibited from 23 September 2021 until 23 October 2021.

Documentation can be inspected at [www.greaterhume.nsw.gov.au](http://www.greaterhume.nsw.gov.au) or during normal business hours at Council's customer service centre at 83 Urana Street Jindera.

Submissions will be received until the close of business on 23 October 2021 and are to be in writing and addressed to the General Manager, Greater Hume Council, PO Box 99 Holbrook NSW 2644, or alternatively emailed to [mail@greaterhume.nsw.gov.au](mailto:mail@greaterhume.nsw.gov.au)

It is advised that submissions made to the original exhibition and the current re-exhibition will be considered by Council at its November Ordinary Meeting.

Should you require any further information in relation to this matter please contact Colin Kane, Director Environment and Planning on 6044 8928 or email [ckane@greaterhume.nsw.gov.au](mailto:ckane@greaterhume.nsw.gov.au).

• PIONEER MUSEUM •

Unfortunately, we have again been hampered by Covid Lock-downs, but hopefully, as we ease out of the clutches of the virus, we will see less closed doors. The museum is so fortunate, being as large as it is, that visitors are able to keep their social distance easily.

The outdoor areas also provide a great space for family groups and friends to meet and bring lunch during the week or partake of the wonderful home-cooked fare on Sundays when the museum Tea Room is open. The advent of Spring is very evident in the garden at the museum and everything is looking beautiful.

The concrete path replacement is nearly complete and then this section of the garden will be able to be put back into some kind of order. Some additional paving will be undertaken soon providing a firm surface to the Wattle and Daub Cottage. As development continues, a hard surface path will be constructed to the toilets and Working Machines Shed.

Refurbishment of the Marge Wehner Gallery is now almost complete with the paintings repaired and reinstated in a new combination. The pianola has pride of place on the east wall and cataloguing of many of the items in cabinets has been completed by Chris our Curator. Paul and Ian did a great job re hanging the paintings and the space is looking fresh and bright with its new paint job.

Thank-you to all who attended the working bee and helped place (very heavy) cabinets back in position and clean windows and cases.

Although inhibited by lockdowns, the boys in the Working Machinery Shed continue to push on with projects and the Moline Tractor is nearly back in one piece. Restoration of the motors in many of these old machines is an arduous task as parts are no longer available. Any new piece has to be created, build from scratch and then incorporated into the machine with the hope that it will work. There is quite a bit of trial and error involved and a great deal of patience.

The collection of "working" machines has created an interest outside our older horse drawn collection of machinery and it provides great interest when these machines are functioning.

We are hopeful that with the increased level of vaccination in NSW we may have seen the end of lockdowns. We are hopeful that we may be able to hold our High Tea scheduled for Sunday 24<sup>th</sup> October and we may even squeeze in the Italian Long Lunch before Christmas. Check the Facebook page or museum website for information on these proposed future events.

October sees the countdown to Christmas, and we hope this year we will be able to spend it with family and friends. Remember, as the weather improves, the museum is a great place to visit, with plenty of open space, lovely gardens and fabulous exhibits to interest everyone in the family. The Tea Rooms provide a tasty array of home-cooked goodies, available every Sunday from 11am.

## **Business dealt with at the meeting included:**

Council resolved to write to the NSW Government to withdraw the Environmental Planning and Assessment Amendment (Infrastructure Contributions) Bill 2021 from NSW Parliament. Additionally, Council will call on the NSW Government to undertake further consultation with the local government sector on any proposed reforms to the infrastructure contributions system. Council will also seek a meeting with Justin Clancy, Member for Albury, to discuss the likely impact the Bill will have on Council, our community and ratepayers.

Cr Doug Meyer OAM was voted as Deputy Mayor which was put to open vote at the Council meeting.

Council resolved to submit an amendment to the *Greater Hume Local Environmental Plan 2012 – Zoning and Minimum Lot Size Changes for 151 – 159 Pioneer Drive Jindera and 1037 Urana Road, Jindera* to the Department of Planning, Infrastructure and Environment to facilitate large lot residential land and seek a conditional Gateway Determination.

The draft Jindera Residential Land Use Strategy will be re-exhibited, following requests from three landowners seeking inclusion in the strategy.

Following on from the postponement of the 2021 elections, Council agreed the meeting schedule for the remainder of the calendar year and January 2022 (below).

Wednesday 1 December	Holbrook

Week commencing 10 January 2022 Holbrook Council reaffirmed its delegates for various organisations/ committees where Council is represented for the remainder of the Council term.

Council will enter into a Partnership Agreement with Service NSW for Business. Service NSW for Business provides free, personalised support to small business owners, to help them understand industry regulations, to guide them through transactions, and to access support.

The 2020-2021 Financial Statements were adopted as presented.

The Greater Hume Energy Savings Action Plan (ESAP) was adopted. The ESAP has identified that

initiatives undertaken to date have resulted in a 48% reduction of net electricity usage.

Council agreed that the operation of the Greater Hume Disability Inclusion Action Plan 2017/2021 will be extended to the period 30 June 2022.

Council will accept the offer from Inland Rail to relocate the top span of the Culcairn Rail Footbridge to Eric Thomas Park in Culcairn.

***Council are currently reviewing the Community Strategic Plan. There are a number of opportunities for the community to contribute to the development of the plan. The QR code will take you to the survey on our website. The website also advises other means to engage with us.***

Meeting agendas and minutes are available for viewing at any time on Council's website.

September is pretty well done and dusted and another Golf "Competition Season" is drawing to a close. Our "official" season this year began with opening day on the 7<sup>th</sup>. March and will finish on the 3<sup>rd</sup> **October** – **"Closing Day" with a 2 Ball Ambrose competition.**

The season is run according to the Men's and Ladies events calendar for that year which details the intra-club competition to be run each Sunday, or in the case of ladies – each Sunday/Thursday – in addition to inter-club and association events.

Regular competitions are still run outside of the season and are mostly Stableford with a few novelty events thrown in for a bit of fun.

Current Competition days as follows: -

- **Sunday – Men's 18 holes**, Stableford (unless notified differently) Tee-off 8.30/9.00.
- **Wednesday – VETS 9 Holes**, Stableford (unless notified differently) Tee-off 8.30/9.00
- **Sunday/Thursday – Ladies 18 Holes**, Stableford (unless notified differently) Tee-off 8.30/9.00
- **Friday – Chook Run – 9 Holes**, Open to all, Tee-Off Currently 3.30, will become 4.30/5.00 with daylight savings. Can also be played throughout the week – Play your game, place cards – signed and verified by partner - with \$5.00 in an envelope and slide under the door.

The course fairways have been looking a bit "Hairy" lately, for a number of reasons such as issues with our main fairway mower, wet weather and Covid restrictions on grounds committee personnel.

Our new fairway Mower - Kubota Diesel 72" mower is – hopefully - due to arrive in the next few weeks. Many thanks to those few who have jumped in to help with the course maintenance during Covid restrictions.

The fairways have had their second dose of "Broadleaf" herbicide and regular mowing will hopefully resume from the week of 20<sup>th</sup> September.

### Membership

As mentioned previously, the number of social golfers using our course – and paying Green Fees - seems to be growing every week, which is great for the golf club and the community.

The cost of Memberships for the remainder of the year (until 30 March) is currently reduced to **\$70.00/adult** and will be reduced as the year progresses, so a **GREAT TIME TO BECOME A MEMBER** - fill in a membership form - and email it to

[admin@jinderagolfclub.com](mailto:admin@jinderagolfclub.com)

We can help you get a handicap (if you want) and join in our very social competition days – or simply play at your leisure without having to worry about green fees!

### Junior Golf

Is STILL hampered by COVID restrictions, however we will persevere and endeavour to run a few more clinics from 3<sup>rd</sup> October (hopefully).

### Tournament

Is finally going ahead Sunday 26<sup>th</sup> September - as this publication is going to print - with a reduced program in that the Saturday 2 Ball Ambrose event was cancelled. It should hopefully be a great day.

# JINDERA ANGLERS CLUB INC.

September was another really weird Covid affected month with lock downs and restrictions, with movement from one LGA to another and ongoing interstate restrictions. The August end of month fishing comp was cancelled as well as all clubhouse activities.

Great news (currently we are open for business again) keep your fingers crossed, Friday frothies are on again and we will have a **general meeting on Friday, 8<sup>th</sup> October** at the clubhouse at **5.30pm**.

With the disrupted start to the 2021/22 club season, a fishing calendar and next couple of comp dates will need to be discussed as well as a date/venue for our 2020/21 presentation day.

We were fortunate to have a open fishing comp on the weekend of 24,25,26<sup>th</sup> September with a lot of members getting out and chasing a fish or 3, popular spots were the weir and below the weir wall.

The winner of the best fish was Wade Morey with a ripper weir trout of 59cm, about 6lb in the old scale of things. Best bag went to Laz with 10 redfin at 2770, ladies had joint winners for best fish with both Kirsty Taylor and Kylie Shannon having a 27cm redfin each.

We had 3 doughnut winners, squeaky, Wayne and Shane, double doughnut winners in Brownie and Leif as well many almost stories, stonker trout escapes (yeah right Shane and Boydy).

Other fish were measured in by Zol Peli 2680 of redfin, Jason Boyd 930 of redfin, Wade 1490 of redfin and trout, Sham 1460 of redfin, Ricko 1660 of redfin, strangely enough there were no yellowbelly weighed in although several anglers targeted them.

Most redfin were between 25 and 32 although there were several around the 35cm, some were still carrying eggs.

Next fishing comp will be the end of the month, possibly Friday 29<sup>th</sup> to Sunday 31<sup>st</sup> October from 5pm with weigh-in at 5pm and will be organized at our next meeting.

## IMPORTANT

Remember for all members, biggest fish for midg-ets, juniors, ladies and men can be caught out of comp and must be verified by a dated photo and sent to Shane on 0429 470 899 or Wade on 0418460 302.

For junior fishers you will also become eligible for the Codpro junior fisho of the month award from South West Anglers Association.

The club will continue to enforce all covid safe conditions and all members are asked to respect this.

*Tight lines!*

## Happy and proud winners in the weekend fishing comp.

**Big reddie caught by Isaac**

**Wade Morey took out the biggest fish with this beautiful Lake Hume brown trout**

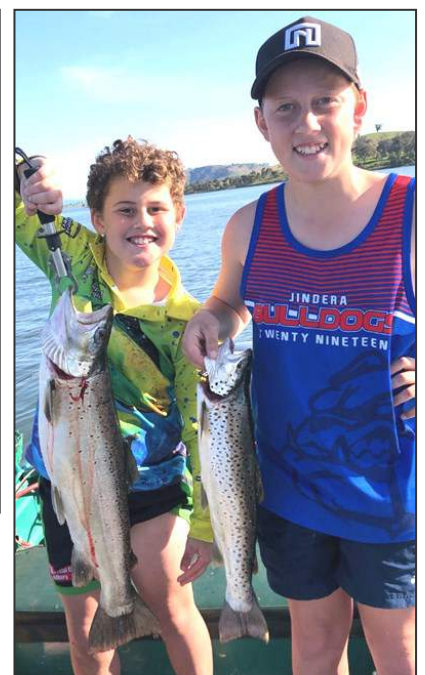

**Biggest trout caught by Jaxon**

**Smaller trout caught by Ashton**

**Our local Jindera boys had a great day at the weir recently.**
