#### **BUSINESS FROM PREVIOUS MEETINGS:**

Jindera 150<sup>th</sup> Celebrations 2018 – Reminder that the Trivia Night is on Saturday, April 21 at 7:30pm. P Hayes to send through an ad for Forum Contact List.

NBN – Brad Hore reported that his house installation is finally to be sorted out by NBN. Also that there was congestion last weekend, whilst Telstra has enough band width, other suppliers do not. There may be the need for people south of the tower to have antennas re-aligned to the new node which is a new band width with better speeds. Monty advised that he crashes 2-3 times per day within Jindera.

Jindera CBD Traffic – K Anderson highlighted the minutes from the GHS Local Traffic Committee meeting held on March 8. The report does not highlight any issues requiring Council to act at present, however, Council will continue to monitor the area.

Dump Point at Rec Ground – It was reported that locals park near the football/netball area, so it is not being considered a suitable location for the dump point. G Finster indicated that he would look into this further.

Campers at Rec Ground – An email was received from Sean Lee who does not support the free camping at the rec ground. It was noted that visitors have been pleasant, and neat/tidy so far. G Finster to acknowledge the email, advising there are no problems to date, and suggesting that he talks to the visitors. It was noted that the development application has already gone to Council from the Rec Ground Committee.

IGA Carpark Exit – The minutes of the GHS Local Traffic Committee meeting on March 8 outlines that Council is offering the IGA business owners to pay 50% of the purchase/installation price of a speed hump and pedestrian warning sign at the carpark exit.

Pioneer Drive Sulo Pickup – Email from Kim Schultz (GHS) outlined that Colin Kane (GHS) had written to Cleanaway to request a change of time if possible. Otherwise, the roadworks along Pioneer Drive would eventually result in a footpath for the school children from Pech Avenue to St Mary MacKillop school crossing. The meeting also noted the danger of the roadworks at present, with a vehicle and trailer parked in Pioneer Drive causing some problems with traffic movement.

Garage Sale – A suggestion was made that Leenie and Greg Mason should receive a Community Award for their work in co-ordinating the annual garage sale. J O'Neill suggested that the event itself be nominated for an event award at the annual Australia Day Awards.

**GENERAL BUSINESS:**

NSW Seniors Festival – P White spoke about GHS only proposing the usual \$1000 towards the event in the 2018/19 budget (the same since 2005) which appears to be only an activity in Holbrook, whilst Albury City offers an extensive range of activities. J O'Neil to question Council. K Anderson to send a letter to Council highlighting the issue.

Draft Delivery Program 2017-21 – P White spoke on the report, noting that sports grounds have received a nominal increase and that GHS is not advising the community as to the rating structure. There is a normal 2.3% increase. The Draft Plan should be on display on April 26.

GHS Water Sell-Off – J O'Neill outlined that Councillors Quinn and Hicks consulted with Albury City Council without approval. If GHS water was to be sold off to the ACC, it would result in a loss of \$3M in assets and the resulting backlash. It was also noted that the water/sewerage accounts now sent out collectively, give less time for payment.

Urana Street Roadworks – It was noted that businesses and the Museum could/should have been advised of the roadworks, however, on a positive note the works were moving along quickly.

Holbrook Rec Ground – It was noted that the Holbrook Rec Ground yet again does not have an allocation within the rec ground heading in the 2018/19 draft budget.

Street Lighting – J O'Neill checking re the last submitted list of new street lighting which has not been carried out to date.

Vacant Shops – It was noted that there are a series of vacant shops in Jindera, however, this is a business issue, not one to be addressed by the Forum.

White Lines on Urana Road – It was noted that the white lines leading up to the Jindera Gap needed attention, however, it was advised that this issue should be taken up with Council at the Jindera Hub.

NSW Governments Stronger Country Communities Fund Round 2 – The Council has received 38 applications from community and sporting groups with a short list about to be released. Round 1 has gained funding for a skate park at Jindera.

Hall/Multi-Purpose Stadium – J O'Neill advised that this is ongoing, with plans close to being finished.

#### **BUSINESS FROM PREVIOUS MEETINGS:**

NBN - K Anderson reported that Brad at Jindera Tyre Service is to receive a meter which will check the speed of his NBN service at home on a regular cycle throughout the entire day, and will then automatically send the data through to Telstra. This is being carried out in conjunction with Susan Ley's office, with no changes to be made to Brad's service without Susan Ley's office and Brad authorising them. Hopefully the data proves that the Jindera tower does not have the capacity to handle the current users. Discussions were also held on the NBN outage experienced on May 23 and 24 and the NBN blaming the lack of notification on the telco providers.

Jindera 150<sup>th</sup> Celebrations – The meeting was advised that sub-committees have been formed and are meeting to plan activities. P Knight reported on a trip to South Australia obtaining historical information from various people and Lutheran church archives re the families and their trek to Jindera. The finance committee are looking into the expected cost of the event and will be talking to Greater Hume Shire (GHS) re the archway and funding. At this stage St John's Lutheran School will hold its 150<sup>th</sup> celebrations in conjunction with Jindera's celebrations.

Jindera Streetscape – The streetscape is now complete. K Anderson reported that on checking with Greg Blackie (GHS) re reflectors on the roundabouts, it was apparently necessary for the reflectors to be placed on the approaches only, as they did not remain adhered to the concrete on the roundabouts.

Jindera CBD Traffic - K Anderson reported that a reply had not been received from GHS re the issues of parking, u-turns and right hand turns into the Shell service station. On checking with Greg Blackie he thought that the traffic committee should have replied and will chase this up. Greg also indicated that traffic movements would be looked at, once the new Jindera Multi-Function Centre is fully operational.

Jelbart Road – K Anderson reported that Greg Blackie (GHS) advised a meeting is to be convened with the Glenholm Estate developer re the long-term requirements of Jelbart road and others. He also advised that re-sheeting of gravel on Jelbart Road was in the 2017/18 budget.

Digital Forum – It appears that no-one was able to attend the Council forum, however, individuals would look to attend future forums if held.

Jindera Wetlands Gala Day – R Done reported that the day was a great success with involvement from schools during the day session and adults/children in the evening session. There is also some on-going interest by some of the visitors. It was also reported that the grant monies are almost used with the balance to be spent on future tree planting and development of the southern edge.

Green Bins – It was suggested by K Johnstone that green bins would be desirable and discussions were made re composting as the alternate option. K Anderson offered to enquire whether Council is considering this service.

Jindera CBD Traffic – K Anderson reported that Kim Schultz (GHS) advised via phone that the cameras placed in the CBD did not support the problems of parking, u-turns and turning into the service station, however, as the full images had not been viewed as yet, it was not to say that measures would not be considered. #### **BUSINESS FROM PREVIOUS MEETINGS:**

Jindera 150<sup>th</sup> Celebrations 2018 – Reminder that the Trivia Night is on Saturday, April 21 at 7:30pm. P Hayes to send through an ad for Forum Contact List.

NBN – Brad Hore reported that his house installation is finally to be sorted out by NBN. Also that there was congestion last weekend, whilst Telstra has enough band width, other suppliers do not. There may be the need for people south of the tower to have antennas re-aligned to the new node which is a new band width with better speeds. Monty advised that he crashes 2-3 times per day within Jindera.

Jindera CBD Traffic – K Anderson highlighted the minutes from the GHS Local Traffic Committee meeting held on March 8. The report does not highlight any issues requiring Council to act at present, however, Council will continue to monitor the area.

Dump Point at Rec Ground – It was reported that locals park near the football/netball area, so it is not being considered a suitable location for the dump point. G Finster indicated that he would look into this further.

Campers at Rec Ground – An email was received from Sean Lee who does not support the free camping at the rec ground. It was noted that visitors have been pleasant, and neat/tidy so far. G Finster to acknowledge the email, advising there are no problems to date, and suggesting that he talks to the visitors. It was noted that the development application has already gone to Council from the Rec Ground Committee.

IGA Carpark Exit – The minutes of the GHS Local Traffic Committee meeting on March 8 outlines that Council is offering the IGA business owners to pay 50% of the purchase/installation price of a speed hump and pedestrian warning sign at the carpark exit.

Pioneer Drive Sulo Pickup – Email from Kim Schultz (GHS) outlined that Colin Kane (GHS) had written to Cleanaway to request a change of time if possible. Otherwise, the roadworks along Pioneer Drive would eventually result in a footpath for the school children from Pech Avenue to St Mary MacKillop school crossing. The meeting also noted the danger of the roadworks at present, with a vehicle and trailer parked in Pioneer Drive causing some problems with traffic movement.

Garage Sale – A suggestion was made that Leenie and Greg Mason should receive a Community Award for their work in co-ordinating the annual garage sale. J O'Neill suggested that the event itself be nominated for an event award at the annual Australia Day Awards.

**GENERAL BUSINESS:**

NSW Seniors Festival – P White spoke about GHS only proposing the usual \$1000 towards the event in the 2018/19 budget (the same since 2005) which appears to be only an activity in Holbrook, whilst Albury City offers an extensive range of activities. J O'Neil to question Council. K Anderson to send a letter to Council highlighting the issue.

Draft Delivery Program 2017-21 – P White spoke on the report, noting that sports grounds have received a nominal increase and that GHS is not advising the community as to the rating structure. There is a normal 2.3% increase. The Draft Plan should be on display on April 26.

GHS Water Sell-Off – J O'Neill outlined that Councillors Quinn and Hicks consulted with Albury City Council without approval. If GHS water was to be sold off to the ACC, it would result in a loss of \$3M in assets and the resulting backlash. It was also noted that the water/sewerage accounts now sent out collectively, give less time for payment.

Urana Street Roadworks – It was noted that businesses and the Museum could/should have been advised of the roadworks, however, on a positive note the works were moving along quickly.

Holbrook Rec Ground – It was noted that the Holbrook Rec Ground yet again does not have an allocation within the rec ground heading in the 2018/19 draft budget.

Street Lighting – J O'Neill checking re the last submitted list of new street lighting which has not been carried out to date.

Vacant Shops – It was noted that there are a series of vacant shops in Jindera, however, this is a business issue, not one to be addressed by the Forum.

White Lines on Urana Road – It was noted that the white lines leading up to the Jindera Gap needed attention, however, it was advised that this issue should be taken up with Council at the Jindera Hub.

NSW Governments Stronger Country Communities Fund Round 2 – The Council has received 38 applications from community and sporting groups with a short list about to be released. Round 1 has gained funding for a skate park at Jindera.

Hall/Multi-Purpose Stadium – J O'Neill advised that this is ongoing, with plans close to being finished.

Some members attended the NBN Community Information Session last night, and it was also noted that the Jindera township should have been fibre from the beginning, with outlying areas connected to wireless.

Dump Point at Rec Ground – K Anderson advised that following discussions with Greg Blackie (GHS), the dump point would now be placed in front of the sewerage pump station near the tennis courts. This would be done as part of the new kerb and guttering, and would be a flow-through from Urana Street.
